

The American Farm Bureau Federation's Young Farmers & Ranchers Program is working with Feeding America to help feed the millions of Americans who face hunger in what we call a *Harvest for All*. Throughout the year, farmers across the nation will be donating food, funds and people power to create a hunger-free America. And whether the contribution is a bushel – a dollar – or an hour, Farm Bureau and Feeding America will be working together to finish an important job – making sure every American can enjoy the bounty produced on our farms and ranches. Since Harvest for All was launched nine years ago, Farm Bureau families have gathered more than 49 million pounds of food, logged more than 60,000 volunteer hours and raised more than \$1.8 million in donations. Combined, the food and money donations amount to more than 55 million meals.

# MONTANA FARM BUREAU FEDERATION
