

ORUS Selections available for Grower Trial: Varieties for Fresh Market (Thorny)

Blackberry Selection	Yield (vs. Marion)	Fruit Size (vs. Marion ~ 5.0g)	Other Characteristics	Available at Nursery?
ORUS 1370-2	Greater than	Larger	Very tough skin, Will ship. Mid-season. Good eating.	'08
ORUS 1793-1	Similar	Larger	Major winter damage at NWREC after thaw/freeze event in Spring 06! Great Eating in berry that is mid-firm and tough, probably firm enough to ship.	Yes
ORUS 1939-4	Greater than	Larger	Great eating in berry that is mid-firm and tough, probably firm enough to ship.	Yes
ORUS 1111-1	Greater than	Larger	Extremely early in Canada w/ith Very large yields of large fruit;	Yes
ORUS 2635-1	Much greater than	2x Larger	Very erect plant as trailers go. Nice flavor. While excellent processed, would be used fresh because thorny, high yield and erect habit.	Late '08
